relevant experience

feb. 2021 -
present

it specialist

Raritan Public Library · Raritan, NJ

- enhance and maintain a secure network of Windows computers through Windows Server 2016
- lead migration of legacy ILS database (Follett Destiny) to Polaris using a self-written suite of Python scripts for processing and weeding data
- design a new website from scratch using a frontend stack of Parcel, Pug, Stylus, and vanilla JavaScript
- maintain a website using Apache and automate back-end processes using a custom framework scripted in Bash and WinSCP
- design and distribute event flyers, promotional graphics, and eBlasts using Adobe Photoshop and Adobe Illustrator
- manage personal workloads in a fast-paced environment
- coordinate and oversee virtual programming for adult patrons and Library board meetings using Zoom and Google Meet
- assist in hiring new personnel by writing and managing job postings, resumes, and communicating with applicants

aug. 2019 -
jan. 2021

computer technician

Safe Haven Computers · Raritan, NJ

- built, diagnosed, and repaired computer hardware and software in a small business environment
- managed shop storefront independently, handling in-shop/service paperwork and purchase orders
- interfaced with clients to discuss, design, and quote custom computer systems

sep. 2017 -
may 2019

webmaster

WJTB Radio · Newark, NJ

- designed and maintained a new website from scratch using a frontend stack of HTML, CSS, and vanilla JavaScript
- pushed updates to a central server using SSH and Unix command-line tools

jun. 2017 -
may 2018

undergraduate research associate

NJIT Center for Solar-Terrestrial Research (CSTR) · Newark, NJ

- analyzed data from the August 2017 solar eclipse and the effects of high-frequency radio communications
- presented research at the 36th ARRL/TAPR Digital Communications Conference and published in a [geophysical research letter](#)
- spearheaded website development and designed submission forms using Drupal, PHP, Python, and Adobe Photoshop

education

sep. 2020 -
may 2022

higher education

Raritan Valley Community College (RVCC) · Branchburg, NJ

Associate of Applied Science, Interface Design and Web Development – GPA: 3.7
